

MELAÇO

Fitas Variadas

A Empresa Melação já vem mostrando os seus diferenciais ao longo dos anos para os seus clientes: criatividade e personalidade. Nascida justamente em um momento de escassez de fitas de boa qualidade, com preço justo e, acima de tudo, que fugissem dos modelos mais básicos facilmente encontrados no mercado, o Melação encontrou uma grande oportunidade de oferecer aos que buscavam um toque especial nas fitas para os mais diversos momentos da vida.

Cada centímetro é especialmente fabricado e produzido, com base nos mais variados designs, estudados, desenhados e criados a partir da criatividade alinhada com os mais diversos temas que estão em alta no mundo da moda, dos cinemas e até mesmo no universo infantil. Assim, o Melação transforma a utilidade básica de uma simples fita, em um item de decoração que traduz a história e a personalidade dos nossos clientes nos momentos mais especiais e suas vidas!
